

Internal Security Agency implements the initiative entitled "Strengthening cooperation and exchange of experience including modern forms of terrain imaging through geospatial analysis of the area using RPAS, as support for decision-making in crisis situations". The initiative is financed by the Fund for Bilateral Relations under the European Economic Area Financial Mechanism 2014-2021 and Norwegian Financial Mechanism 2014-2021.

The initiative involves developing advanced spatial visualizations that identify potential threats and enhance the preparedness of services for crisis management, particularly by improving the ability to use drones and streamlining the command center.

The Programme is at the disposal of the Ministry of the Interior and Administration.

The result of the initiative is to improve the security of the state and its citizens by enhancing the ability of services to respond to crisis events in hard-to-reach areas.

The initiative has been implemented since July 2024.

The total value of the initiative is 298 085,00 €.

The funding rate is 100% of the eligible costs.

Internal Security Agency implements the initiative in partnership with:

- Norwegian Directorate for Civil Protection;
- TIEPOINT AS.
